ABOUT THE ROLE

We make Cebuano pantry staples for the export market. Looking for a designer who can own packaging from concept to print-ready file, and keep our IG visual system consistent across collabs. Small team, high autonomy, good lechon.

RESPONSIBILITIES

- Design packaging for new SKUs · concept, mock-up, dieline, print handoff.
- Maintain and evolve the brand visual system across digital and physical assets.
- Run quarterly photoshoots with the in-house food stylist.
- Approve final proofs at the printer at least once per launch.

WHAT WE'RE LOOKING FOR

- 2+ years of brand or packaging design experience.
- Confident in Figma and Adobe Illustrator.
- Working knowledge of CMYK, dielines, and offset print constraints.
- Portfolio with at least one launched physical product.

NICE TO HAVE

- Experience designing for Filipino or Asian food brands.
- Light motion design (capCut / After Effects).
- Cebuano-language copy sense for product labels.

PERKS & BENEFITS

- ✦ Free monthly product allowance (you will gain weight).
- ✦ HMO from month two.
- ✦ Half-day Fridays during off-season.
